

<p>Environmental Law Mitchell M. Tsai, Esq.</p>	<p><i>“Tools for Protecting Your Neighborhood”</i> This lecture will discuss key environmental laws and policies in California as well as various elements for building an environmental case.</p>
<p>Litigation David Bobrosky, Esq.</p>	<p><i>“Beyond the Basics: A Case Study Analysis of Liability Issues in Complicated Cases”</i>: Not every case is a straight forward, rear-end car accident. Attorneys need to look at all angles to find responsible parties, especially when the injuries are significant. David will present actual case studies to look at complicated liability issues in what otherwise may seem like a straight forward case. This will include premises liability cases, dangerous conditions of public property, negligent entrustment, etc. David will also analyze the different types of automobile insurance coverage and identify the coverage that you must have.</p>
<p>Probate Law Kathleen Duke, Esq.</p>	<p><i>“PROBATE – Fiduciary Accounting for Probates, Trusts and Conservatorships (A Practical How-To Guide)”</i> This presentation will describe the process of preparing a fiduciary accounting that similarly applies to accountings prepared in probate proceedings, trusts litigation, and conservatorships. As paralegals often prepare fiduciary accountings under the supervision of a probate attorney, Kathleen will take the mystery out of the process by taking you through the major steps in preparing a fiduciary accounting from the preparation of the initial inventory of assets, to the Summary of Account and accompanying schedules, as well as the preparation of the report that accompanies a fiduciary account. Kathleen will share insights gained by reviewing and preparing “probate notes” for numerous fiduciary accountings in her capacity as a Probate Attorney for the Probate Department of the Los Angeles Superior Court. Kathleen also served as the instructor of the quarterly Conservatorship Accounting class offered by the Los Angeles Superior Court during her tenure as a Probate Attorney. Her information and advice will help you prepare fiduciary accountings that not only comply with the Probate Code, but are also more easily understood and accepted by the court and less susceptible to challenge by beneficiaries and other interested parties.</p>
<p>Transactional Law (Mergers & Acquisitions) Eric Sloan, Esq. Taylor Hathaway-Zepeda, Esq.</p>	<p><i>“Anatomy of an M&A Transaction”</i></p>
<p>Professional Development (CLA/ACP) - Doug Kuhn, ACP (NO MCLE)</p>	<p>(No MCLE Credit) - Learn how you can reach this mark of excellence at this year’s LAPA October Conference with speaker Doug Kuhn, CLA, who will share with you information about this prestigious exam, eligibility requirements, exam subject matter, the new format for this exam effective January 2018, requirements for taking the online exam, study methods and tips for successful completion.</p>
