FROM THE DIRECTOR OF RESEARCH

OUR PATENTED SELECTION PROCESS

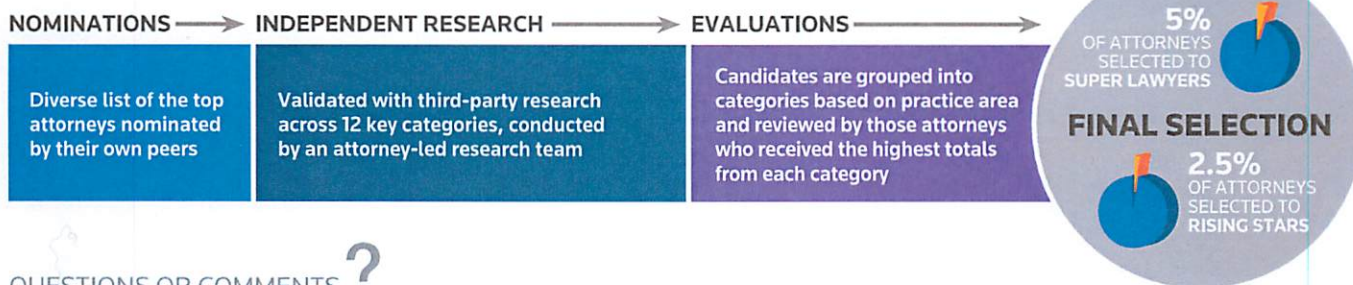

As you read through this magazine, you might see some familiar names. If our attorney-led research team has done our due diligence—and we're confident we have—you'll probably also notice that many of these names are the same ones that come to mind when you think of outstanding attorneys in your state. So how did all of these attorneys get here?

Our patented selection process is made up of multiple phases, and we take each one into consideration when creating our lists. While we do invite lawyers to participate by nominating their peers, these nominations are only one part of the four-step process, as you'll see in the infographic below. The end result is what you hold in your hands: an exceptional list of exceptional attorneys.

We encourage you to examine this list closely. Your feedback is instrumental in the creation of our lists, and if you feel there are notable lawyers we've overlooked, nominations for next year are now open. Excellence deserves visibility: take the opportunity to become part of our selection process today.
